PROFESSIONAL SUMMARY

Delivery leader with 16+ years running ERP and digital transformation programs in Saudi Arabia, the UAE and Egypt. Heads solutions delivery at Leader Investment Group: 18 concurrent government projects on average, with contract values averaging about SAR 25M. Previously led end-to-end SAP S/4HANA implementations across multiple modules at an SAP Platinum Partner, and Oracle EPM, NetSuite and Jedox delivery.

CORE COMPETENCIES

Project management · Project planning & scheduling · Program management · Portfolio management · ERP & digital transformation delivery · Team leadership & coaching · Client advisory & solution design · Stakeholder management · PMO & delivery governance · Smart City & e-Government Solutions · SAP S/4HANA & SAP Activate · Data migration, UAT & cutover · Oracle EPM, NetSuite, Jedox, Odoo · Vendor & contractor management · KPI dashboards & command-and-control centers · Risk & change control

KEY ACHIEVEMENTS

- Promoted to Head of Solutions within eight months of joining LIG, now leading delivery for the Ministry of Defense, Nazaha and six municipalities.
- Took citizen-facing solutions live and kept clients renewing into further phases: cleaning-contractor monitoring for the Eastern Province and Hail is in its third phase, Smart Lighting and Nazaha 980 in their second.
- Fed live KPIs from 940, Nazaha 980, cleaning-monitoring and Smart City platforms into command-and-control center screens, giving decision-makers real-time status of citizen reports and contractor performance.
- Led 4 project managers and about 30 consultants delivering SAP S/4HANA for Toyota Egypt, ENPPI and Baheya, and SAP Plant Maintenance for Nissan and two petroleum companies.

PROFESSIONAL EXPERIENCE

Head of Solutions Implementation & Delivery — Leader Investment Group (LIG), Saudi Arabia — Jan 2024 – Present

- Lead the Solutions department's team of about 25 implementers and consultants, delivering the company's solutions that help government entities automate and digitize their operations, from design and go-live through support to contract end.
- Run 18 concurrent projects on average for the Ministry of Defense, Nazaha and the Eastern Province, Madinah, Hail, Jazan and Hafr Al-Batin municipalities, mostly multi-year operation, maintenance and development contracts that are renewed or extended, including HR and Finance ERP for the Eastern Province and Hail.
- Implemented the 940 solution for the Madinah and Eastern Province municipalities (incident management system, call center, mobile app and chatbot), Nazaha's 980, and the Ministry of Defense property management and contact-center solution.
- Rolled out municipal platforms: field monitoring and fleet tracking of cleaning contractors (Eastern Province, Hail and Hafr Al-Batin) and monitoring of Hail's parks, Smart Lighting, Smart Irrigation, Visual Distortion and IoT solutions, and the Eastern Province Municipality's e-portal and e-services.
- Built strategy and decision-support KPI dashboards for the Jazan and Hafr Al-Batin municipalities, and the quality-management system and KPI dashboards that gather evidence from the Eastern Province Municipality's departments for the King Abdulaziz Quality Award.
- Set governance, risk control and KPIs across the portfolio, with KPI dashboards built into most platforms, aligned with Vision 2030.

Senior Program & Delivery Manager — Leader Investment Group (LIG), Dammam — May 2023 – Dec 2023

- Managed LIG's ERP projects for the Eastern Province Municipality, then took on the wider project portfolio as program manager ahead of promotion to Head of Solutions.
- Introduced agile delivery and digital governance tools for transparency and on-time delivery.

SAP Program Manager — Edraky, SAP Platinum Partner, Egypt — Aug 2022 – May 2023

SAP Senior Project Manager — Edraky, SAP Platinum Partner, Egypt — Jun 2021 – Jul 2022

- Directed concurrent SAP programs under SAP Activate, leading matrix teams of 4 project managers and about 30 functional and technical consultants shared across projects; owned scope, estimates, resourcing, risk, data migration, testing (including UAT), cutover and client sign-off.
- SAP S/4HANA for Toyota Egypt (SD, MM, FICO, HCM, CX, VSS, SAC), ENPPI (SD, MM, FICO, HCM, PS), Egyptian International Motors and Baheya Foundation (S/4HANA and CX).
- SAP Plant Maintenance (PM) module for Nissan Egypt, Agiba Petroleum and Abu Qir Petroleum, and an SAP Bank Communication Management project for Abu Dawood Group (KSA).
- Ran change management and end-user training to secure adoption after go-live.

SAP Project Manager (Consultant) — Practiq Consulting, Egypt — Feb 2021 – May 2021

- Strategy and organization consultant; client-side project manager for TEPCO's SAP S/4HANA, SuccessFactors and CX implementation: owned the plan, supervised the SAP partner's delivery and acceptance, improved the client's processes and handed over to support.

Oracle Project Manager — Azdan Business Analysis, Egypt & UAE — Nov 2019 – Jan 2021

- Delivered Oracle FCCS financial consolidation for Reload Logistics, Jedox performance-based budgeting for GPSSA Abu Dhabi, Jedox planning for UNA Trading (Mantrac), NetSuite ERP for Reportage Properties, and Oracle Hyperion planning for DMG and Dar Al Mimar.
- Managed scope and change control across six parallel projects, and supported YAS Holding, Umniah and Replacement International (KSA).

ERP Project Manager — Al Kharafi Group (BDRS), Egypt — Jun 2019 – Oct 2019

- Led the internal team of the group's technology-solutions company, implementing Odoo ERP for group companies.

ERP Project Manager — ACME Group, Egypt — Apr 2017 – May 2019

- Reporting to the General Manager, ran concurrent full-cycle ERP implementations for mall development, manufacturing, retail, food, trading and e-commerce clients, including Odoo for Ariika and mall-management integration for Marakez (Mall of Arabia); prepared estimates and RFP responses.

IT Manager — TechOrg, Egypt — Aug 2014 – Apr 2017

- Managed IT operations, the ERP rollout and cloud infrastructure (AWS, SoftLayer, DigitalOcean), and supported the holding group's branches in Saudi Arabia and Bahrain.

Earlier career — 2010 – 2014

- IT Assistant Manager and System & Network Engineer, MATA Group (2013 – 2014): Windows Server, Active Directory, FortiGate security and VMware virtualization.
- System Support Engineer, ECCO Outsourcing (2011 – 2013): supported 200+ users on multinational contact-center programs. Applications Implementer, Arab Academy (2011). Telecom Analyst Engineer, NTG Clarity (2010): STC transmission data migration.
