Professional Summary

Results-driven Solutions Delivery Manager and SAP Program Leader with 15+ years of experience delivering complex ERP and digital transformation programs across Saudi Arabia, UAE, and Egypt. Specialized in SAP S/4HANA, Oracle ERP, Odoo, and municipal & Smart City solutions aligned with Vision 2030. Proven track record managing 40+ projects of varying scale across government, oil & gas, automotive, and trading sectors. Recognized for strategic leadership, stakeholder engagement, cross-functional collaboration, and consistently delivering transformative initiatives on time and within budget.

Key Achievements

- Spearheaded the delivery and direction of Smart City, Municipal Solutions, and IoT projects across multiple Saudi municipalities, including Eastern Province, Madinah, and Hail, driving innovation in urban development and citizen engagement.
- Led the successful s deployment of the 940 Citizen Care Center solution, significantly enhancing municipal service delivery and improving responsiveness to citizen needs.
- Directed and managed ERP SAP implementation projects for leading organizations, including ENPPI, Toyota, Egyptian International Motors, TEPCO and Abu Dawood Group, optimizing operational efficiency and streamlining business processes.
- Successfully managed and delivered over 40 projects of varying scale across KSA, UAE, and Egypt, ensuring alignment with strategic objectives and driving measurable business outcomes.

Professional Experience

Head of Solutions Implementation & Delivery | Leader Investment Group (LIG), KSA | Jan 2024 – Present

- Lead municipal digital transformation programs, overseeing ERP and service delivery solutions from design through go-live and operational excellence across multiple municipalities.
- Implement municipal digital service platforms (Smart Lighting, Smart Irrigation, Cleaning Operations, Visual Distortion, and Citizen Care Center 940), improving operational efficiency and citizen experience in alignment with Saudi Vision 2030.

- Accelerate municipal automation and performance improvement by aligning R&D, technical delivery, and government stakeholders to deploy scalable, data-driven solutions.
- Direct multidisciplinary delivery teams, ensuring project governance, risk control, and measurable KPIs for service quality, contractor performance, and citizen engagement.

Senior Program & Delivery Manager | Leader Investment Group (LIG), KSA | May 2023 – Dec 2023

- Directed the delivery of ERP and municipal service solutions, driving operational efficiency and enhancing service quality across multiple government entities.
- Led cross-functional teams to ensure successful, on-time, and within-budget implementation of ERP and e-Government transformation initiatives.
- Collaborated with municipal authorities and senior stakeholders to align solution outcomes with Saudi Vision 2030 and national digital transformation objectives.

Senior Project Manager | Eastern Province Municipality, Dammam, KSA | May 2023 – Dec 2023

- Led end-to-end ERP and municipal digital transformation projects, enhancing operational performance and service delivery efficiency.
- Implemented agile project management practices and digital governance tools, ensuring transparency, accountability, and timely delivery.
- Coordinated with government stakeholders and internal teams to align technical solutions with strategic municipal objectives.

SAP Program Manager | Edraky – SAP Platinum Partner | Jun 2021 – May 2023
(Promoted from Senior Project Manager since Aug 2022)

- Led end-to-end delivery of SAP S/4HANA programs across diverse sectors, improving process integration, automation, and data visibility.
- Managed multiple simultaneous SAP implementations with full accountability for scope, schedule, and stakeholder engagement.
- Directed cross-functional functional/technical teams and drove alignment between business requirements and SAP solution capabilities.
- Implemented structured change management and training initiatives, ensuring strong user adoption and sustainable post-go-live operations.
